JAKE OLSEN

503-807-8834 | jake@jakemolsen.com | jakemolsen.com

I design and develop websites, brand identities, and lead strategic projects through conception to launch for businesses in a variety of industries. I problem solve and innovate solutions for clients based on their specific needs and situational variables with the ability to pivot for newly discovered efficiencies. I enjoy collaborating with teams, in both a facilitating or contributing role. I create transparent communication with clients to get to know them and their unique challenges in order to strategize a roadmap to their goals. Lifelong self-improvement fuels my career and something I continuously pursue.

WORK EXPERIENCE

EDGE ONE MEDIA, Portland OR | 2016 - Present

Lead Designer | March 2022 - Present | *Responsibilities from my previous role as the Digital Project Assistant are still performed.*

- **Lead and assist projects through inception to completion** with the Creative Director.
- **Conduct client discovery meetings.** Collaborate with clients to identify project goals, obstacles, and different solutions based on industry insights.
- **Review client goals,** tasks and deliverables, team delegation, and develop road maps in collaboration with the Creative Director.
- **Lead team project meetings and delegate responsibilities.** Assess deadlines, project workloads, team capacity/desire/expertise, and sudden urgent tasks for a timely completion of projects.
- **Run team brainstorming sessions, brand/web/graphic design reviews, and strategy meetings** to ensure we meet client requirements and standards. Providing a space for giving and receiving constructive feedback to refine the team's and my own work quality and consistency.
- **Since new role, I have led a combination of 34 branding and web projects** from inception to completion. Featured client projects have resulted in an average of 2500 sessions/mo with less than a 40% bounce rate, up to $200,000 in annual e-commerce gross sales, created a secure document sharing user workflow for an industry leader to serve over 450+ users, and $1.5 million in fundraising, respectively.
- **Mentor to designers** to accelerate professional learning and development; On-board, train, and manage new designers in company processes; Delegate appropriate opportunities to set team members up for growth and success; Provide support for questions and obstacles with walkthroughs and/or a post project debriefs.

Digital Project Assistant | June 2016 - March 2022

- Provided recurring service for 20 regular clients in addition to projects with 80+ clients for on-and-off projects.
- Managed and prioritized 5-10 projects to meet deadlines while seeing projects through from start to finish independently or in collaboration with the Creative Director.
- Work included client discovery meeting assistance, branding, web design & development, graphic design for digital and print, and technical support across a variety of mediums including but not limited to: WordPress, SquareSpace, Wix, MailChimp, hosting platforms, and email platforms.
- **Client Relations & Support:** Solved daily client submitted project requests, website updates, and website issues (functionality, hosting) and maintained direct project collaboration and communication with clients.
- **Web Design: & Development** UI and UX design, built custom and template websites from start to finish. Expanded recurring and new client websites with updated landing pages and javascript/PHP functionality. Led client website training sessions. Processed regular content, plugin, and security updates.
- **Web & Print Media:** Branding (logos, business cards, websites, campaigns), graphic design (illustration, vector graphics, banners, posters), photo curation, newsletter management.
- **Attended and represented Edge One Media** during in-person/virtual networking events and community/fundraising events.

Intern | Summers 2013 - 2015

- Monitored and offered technical support for clients through the ticketing system. Support included the following points.
- Planned, wrote, and scheduled blogs and videos for clients social media: Websites, Facebook, YouTube, Twitter.
- Assisted in graphic design and branding for client deliverables and marketing assets: Print, websites, and social media.
- Created internal Edge One Media organizational systems and content.
